#### green zebra

1. *n.* (*lycopersicon esculentum*): an open-pollinated tomato, producing two to six ounce green flesh fruits, with a bi-colored green epidermis. these special fruits are round, relatively blemish-free, with a bright, acidic flavor that complements other garden tomatoes. these tomatoes were originally bred and named by thomas wagner of everett, washington.
2. *n.*: a hip, healthy, environmentally friendly restaurant and hangout in glassboro, nj.
